### CHAPTER 1.

[Consolidated Fund Act (No. 1), 1901.]

An Act to apply certain sums out of the Consolidated Fund to the service of the years ending on the thirty-first day of March, one thousand nine hundred, one thousand nine hundred and one, and one thousand nine hundred and two. [29th March 1901.]

### CHAPTER 2.

[Army (Annual) Act, 1901.]

An Act to provide, during Twelve Months, for the Discipline and Regulation of the Army. [29th April 1901.]

Whereas the raising or keeping of a standing army within the United Kingdom of Great Britain and Ireland in time of peace, unless it be with the consent of Parliament, is against law:

And whereas it is adjudged necessary by His Majesty and this present Parliament, that a body of forces should be continued for the safety of the United Kingdom and the defence of the possessions of His Majesty's Crown, and that the whole number of such forces should consist of four hundred and fifty thousand, including those to be employed at the depôts in the United Kingdom of Great Britain and Ireland for the training of recruits for service at home and abroad, but exclusive of the numbers actually serving within His Majesty's Indian possessions:

And whereas it is also judged necessary for the safety of the United Kingdom, and the defence of the possessions of this realm, that a body of Royal Marine forces should be employed in His Majesty's fleet and naval service, under the direction of the Lord High Admiral of the United Kingdom, or the Commissioners for executing the office of Lord High Admiral aforesaid:

And whereas the said marine forces may frequently be quartered or be on shore, or sent to do duty or be on board transport ships or vessels, merchant ships or vessels, or other ships or vessels, or they may be under other circumstances in which they will not be subject to the laws relating to the government of His Majesty's forces by sea:

And whereas no man can be forejudged of life or limb, or subjected in time of peace to any kind of punishment within this realm by martial law, or in any other manner than by the judgment of his peers and according to the known and established laws of this realm; yet nevertheless it being requisite, for the retaining all the before-mentioned forces, and other persons subject to military law, in their duty, that an exact discipline be observed, and that persons belonging to the said forces who mutiny or stir up sedition, or desert His Majesty's service, or

are guilty of crimes and offences to the prejudice of good order and military discipline, be brought to a more exemplary and speedy punishment than the usual forms of the law will allow:

And whereas the Army Act [44 & 45 Vict c 58] will expire in the year one thousand nine hundred and one on the following days:

[*Youthful Offenders Act, 1901.*]

An Act to amend the Law relating to Youthful Offenders and for other purposes connected therewith. [17th August 1901.]

Be it enacted, &c.:

1. *Removal of disqualifications attaching to felony.* Where a child or young person having been convicted of felony is discharged in accordance with section sixteen of the Summary Jurisdiction Act, 1879 [42 & 43 Vict. c. 49], or the Probation of First Offenders Act, 1887 [50 & 51 Vict. c. 25], or otherwise, or is punished with whipping only, the

conviction shall not be regarded as a conviction of felony for the purposes of section fifteen of the Industrial Schools Act, 1866 [29 & 30 Vict. c. 118], or of any disqualification attaching to felony.

**2. Liability of parent or guardian in case of offence committed by child or young person.]** (1.) Where a child or young person is charged with any offence for the commission of which a fine, damages, or costs, may be imposed upon him by a court of summary jurisdiction, and there is reason to believe that his parent or guardian has conducted to the commission of the alleged offence by wilful default or by habitually neglecting to exercise due care of him, the court may, on information, issue a summons against the parent or guardian of the child or young person charging him with so contributing to the commission of the offence.

(2.) A summons to the child or young person may include a summons to the parent or guardian.

(3.) The charge against the child or young person and the charge against the parent or guardian may be heard together, and for that purpose the proceedings against the child or young person may be adjourned.

(4.) When, after hearing the case, any fine, damages, or costs are imposed upon the child or young person, and the court is satisfied that his parent or guardian has conducted to the commission of the offence by wilful default or by habitually neglecting to exercise due care of him, the court may order that the fine, damages, or costs shall be paid by the parent or guardian instead of by the child or young person, and may also order the parent or guardian to give security for the good behaviour of the child or young person.

(5.) Any sums so imposed and ordered to be paid may be recovered from the parent or guardian by distress or imprisonment in manner provided by section twenty-one of the Summary Jurisdiction Act, 1879.

(6.) A parent or guardian may appeal against an order made under this section to a court of quarter sessions.

(7.) Where a parent or guardian is ordered by the court to pay fine, damages, or costs, or to give security for the good behaviour of the child or young person, no further charge under this Act shall be brought against the parent or guardian in respect of any wilful default or habitual neglect to exercise due care of such child or young person prior to the making of such order, without prejudice to the liability of the parent or guardian for any subsequent wilful default or habitual neglect in respect of the same child or young person.

**3. Limitation of costs.]** Where a child or young person is ordered by a court of summary jurisdiction to pay costs in addition to a fine, the amount of the costs so ordered to be paid shall in no case exceed the amount of the fine, and, except so far as the court may think fit to expressly order otherwise, all fees payable or paid by the informant in excess of the amount of costs so ordered to be paid shall be remitted or repaid to him, and the court may also order the fine or any part thereof to be paid to the informant in or towards the payment of his costs.

**4. Remand or committal to place other than prison.]** (1.) A court of summary jurisdiction, on remanding or committing for trial any child or young person, may, instead of committing him to prison, remand or commit him into the custody of any fit person named in the commitment who is willing to receive him (due regard being had, where practicable, to the religious persuasion of the child), to be detained in that custody for the period for which he has been remanded, or until he is thence delivered by due course of law, and the person so named shall detain the child or young person accordingly, and if the child or young person escapes he may be apprehended without warrant and brought back to the custody in which he was placed.

(2.) The court may also exercise the like powers pending any inquiry concerning a child under section nineteen of the Industrial Schools Act, 1866 [29 & 30 Vict. c. 118].

(3.) The court may vary or revoke the remand or commitment, and if it is revoked the child or young person may be committed to prison.

(4.) The council or any county or borough or a school board may defray the whole or any part of

the expenses of the maintenance of children and young persons in custody under this section.

(5.) Where a court makes an order under this section the court may make an order on the parent or other person legally liable to maintain the child or young person, requiring that parent or person to pay, as a contribution towards the cost of maintaining the child or young person, such sum, not exceeding five shillings a week, as the court may think fit, during the whole or any part of the time of his custody. The payment shall be made to the inspector of reformatory and industrial schools, or to a constable or other person authorised by the inspector to receive the payment, and the money paid shall be applied under the direction of the Treasury towards the expenses incurred under this section.

(6.) There shall be paid, out of moneys provided by Parliament, towards the cost of maintaining any child or young person when in custody under this section, such contribution as may be fixed by regulations made by the Secretary of State with the approval of the Treasury.

(7.) Where a child or young person is placed in the custody of a fit person under this section, payments shall be made from the police fund of the place to which the child or young person is sent for his maintenance, in accordance with the regulations made by the Secretary of State, but the police fund shall be repaid through the inspector of reformatory and industrial schools out of the contribution so fixed.

**5. Extension of power to commit to industrial school.]** A court of assize or quarter sessions may exercise the like power of committing a child to an industrial school as may be exercised by two justices or a magistrate under section fifteen of the Industrial Schools Act, 1866, and the provisions of that Act shall be construed accordingly.

**6. Recovery of expenses of maintenance from parent or person legally liable.]** (1.) Where a court of summary jurisdiction makes an order that a child or young person be sent to a certified reformatory or industrial school, the court may make at the same time such order for a contribution to his support and maintenance on his parent, or other person legally liable to maintain him, as may be made by justices or a magistrate under sections twenty-five and twenty-six of the Reformatory Schools Act, 1866 [29 & 30 Vict. c. 117], or under section forty of the Industrial Schools Act, 1866 [29 & 30 Vict. c. 118], or under any local Act relating to reformatory or industrial schools, and thereupon, subject to the provisions of this Act, those enactments shall apply as if the order had been made on a complaint thereunder.

(2.) An order made on complaint under any of those enactments may be enforced as an order of affiliation.

(3.) A certificate purporting to be under the hand of the inspector or an assistant inspector of reformatory and industrial schools, or in the case of a day industrial school of the superintendent of such school or an officer of the managers, or of the superintendent of the school in the case of any school established under a local Act, stating that any sum due from a parent or other person for the maintenance of a child or young person is overdue and unpaid shall be evidence of the facts stated therein.

(4.) Where a parent or other person has been ordered under this section or under any of the enactments mentioned therein to contribute to the support and maintenance of a child or young person, he shall give notice of any change of address to the inspector of reformatory and industrial schools or his agent, or in the case of any such school established under a local Act to the superintendent of the school, or in the case of a day industrial school to the superintendent of such school or an officer of the managers, and if he fails to do so, without reasonable excuse, he shall be liable on summary conviction to a fine not exceeding two pounds.

**7. Appeals against orders for maintenance.]**

(1.) Where an order is made under this Act on a parent or other person liable to maintain a child or young person, the order shall be served in the prescribed manner on the person on whom it is made, and shall be binding on him unless he makes an application against it within the prescribed time to the court on the ground either

that he is not legally liable to maintain the child or young person, or that he is unable to contribute the sum specified in the order.

(2.) The court may confirm the order with or without modifications, or may rescind it.

(3.) Any such order may be enforced as an order of affiliation.

**8. Contributions by county councils.]** A county council which has contributed to the support of a child or young person in a reformatory or industrial school may contribute to the ultimate disposal of the child or young person.

**9. Contracts with school managers for weekly payments.]** Where a local authority acting in pursuance of the Acts relating to reformatory or industrial schools, or the Elementary Education Acts, 1870 to 1900, agree to contribute a weekly payment towards the maintenance of any child in any reformatory or industrial school, the requirements of the first proviso to section 12 of the Industrial Schools Act, 1866, and section twenty-eight of the Reformatory Schools Act, 1866, and of section fourteen of the Elementary Education Act, 1873 [36 & 37 Vict. c. 86] (relating to previous notice of intention to contribute), shall not apply to such contribution.

**10. Rules.]** The power to make rules under section twenty-nine of the Summary Jurisdiction Act, 1879 [42 & 43 Vict. c. 49], shall extend to making rules for regulating the procedure under this Act, and for prescribing anything which may under this Act be prescribed.

**11. Definitions.]** In this Act the expressions "child," "young person," and "guardian" have respectively the same meanings as in the Summary Jurisdiction Act, 1879, except that the expression "guardian" includes the guardian of a young person as well as the guardian of a child.

**12. Power of court in Scotland to discharge youthful offender without punishment.]** In Scotland, if upon the hearing of a charge against a child or young person for an offence punishable on summary conviction under any Act, whether past or future, the court think that though the charge is proved the offence was in the particular case of so trifling a nature that it is inexpedient to inflict any punishment or any other than a nominal punishment, the court, without proceeding to conviction, may dismiss the charge, and if the court think fit may order the person charged to pay such damages not exceeding forty shillings, and such costs, or either of them, as the court think reasonable.

**13. Register of convictions of youthful offenders in Scotland.]** (1.) In Scotland, in addition to any other register required by law, a separate register of convicted youthful offenders shall be kept for every summary court by the chief constable or other person charged with the duty of keeping registers of convictions.

(2.) This register shall apply to offenders of such age, and shall include such particulars, as may be directed by the Secretary for Scotland.

(3.) It shall be the duty of the keeper of the register, within three days after each conviction of an offender under fourteen years of age recorded therein, to transmit a copy of the entry relating to the offender to the clerk of the school board for the burgh or parish in which the offender resides.

**14. Extension of 47 & 48 Vict. c. 10, s. 5.]** Section five of the Summary Jurisdiction Over Children (Ireland) Act, 1884 (which gives power to deal summarily with young persons by consent), shall extend to all indictable offences other than homicide, and accordingly in that section for the words "specified in the schedule to this Act" shall be substituted the words "other than homicide."

**15. Application to Ireland of 56 & 57 Vict. c. 48, and 57 & 58 Vict. c. 33.]** (b) In the application to Ireland of the Reformatory Schools Act, 1893, for section four of that Act the following provision shall be substituted:—

"Section twelve of the Irish Reformatory Schools Act, 1868 [31 & 32 Vict. c. 59], from the beginning of the section to the words 'and provided also that' is hereby repealed, and the said section shall be construed and have effect as if section one of this Act were substituted for the provisions of the said section hereby repealed."

(2.) The Industrial Schools Acts Amendment Act, 1894, shall extend to Ireland with the following modifications:—

- (a) The Industrial Schools Act (Ireland), 1868 [31 & 32 Vict. c. 25], shall be substituted for the Industrial Schools Act, 1866, and in particular sections twenty-one and twenty-seven of the former Act shall be substituted for sections twenty-seven and thirty-four respectively of the latter Act;
- (b) The Chief Secretary shall be substituted for the Secretary of State;
- (c) The passing of this Act shall be substituted for the passing of the said Act of 1894.

(d) Section thirty-three of the Summary Jurisdiction (Scotland) Act, 1864 [27 & 28 Vict. c. 53], shall be substituted for section twenty-nine of the Summary Jurisdiction Act, 1879;

(e) Theft shall be substituted for felony;

(f) A decree for alimony shall be substituted for an order of affiliation;

(g) The provision as to an appeal by a parent or guardian to quarter sessions shall not apply. But where a child or young person is charged before a court of summary jurisdiction other than a sheriff or stipendiary magistrate, and it appears to such court that proceedings under this Act should be taken against the parent or guardian of such child or young person, the court may remit the further proceedings in the case to the sheriff to be dealt with by him under this Act, and a court of summary jurisdiction other than a sheriff or stipendiary magistrate shall have no jurisdiction against the parent or guardian in respect of any offence constituted by this Act;

(h) The words "under a warrant of poinding and sale, and in default of recovery of sufficient goods by," shall be substituted for the words "by distress, or" in subsection five of section two of this Act;

(i) Section eight of the Summary Jurisdiction (Scotland) Act, 1891 [44 & 45 Vict. c. 33], shall be substituted for section twenty-one of the Summary Jurisdiction Act, 1879.

## CHAPTER 22.

### [Factory and Workshop Act, 1901.]

An Act to consolidate with Amendments the Factory and Workshop Acts.

[17th August 1901.]

Be it enacted, &c.:

### PART I.

#### HEALTH AND SAFETY.

##### (i.) Health.

1. *Sanitary condition of factory.* (1.) The following provisions shall apply to every factory as defined by this Act, except a domestic factory:—

(a.) It must be kept in a cleanly state;

(b.) It must be kept free from effluvia arising from any drain, watercloset, earthcloset, privy, urinal, or other nuisance;

(c.) It must not be so overcrowded while work is carried on therein as to be dangerous or injurious to the health of the persons employed therein;

(d.) It must be ventilated in such a manner as to render harmless, so far as is practicable, all the gases, vapours, dust, or other impurities generated in the course of the manufacturing process or handicraft carried on therein, that may be injurious to health.

(2.) The provisions of section ninety-one of the Public Health Act, 1875 [38 & 39 Vict. c. 55], with respect to a factory, workshop, or workplace not kept in a cleanly state, or not ventilated, or overcrowded, shall not apply to any factory to which this section applies.

(3.) For the purpose of securing the observance of the requirements in this section as to cleanliness in factories, all the inside walls of the rooms of a factory, and all the ceilings or tops of those rooms (whether those walls, ceilings, or tops are plastered or not), and all the passages and staircases of a factory, if they have not been painted with oil or varnished once at least within seven years, shall (subject to any special exceptions made in pursuance of this section) be limewashed once at least within every fourteen months, to date from

the time when they were last limewashed; and if they have been so painted or varnished shall be washed with hot water and soap once at least within every fourteen months, to date from the time when they were last washed.

(4.) Where it appears to the Secretary of State that in any class of factories, or parts thereof, the provisions of this section with respect to limewashing or washing are not required for the purpose of securing therein the observance of the requirements of this Act as to cleanliness, or are by reason of special circumstances inapplicable, he may, if he thinks fit, by Special Order grant to that class of factories, or parts thereof, a special exception that the said provisions shall not apply thereto.

(5.) A factory in which there is a contravention of this section shall be deemed not to be kept in conformity with this Act.

### 2. *Sanitary condition of workshops and work places.*

(1.) The provisions of section ninety-one of the Public Health Act, 1875 [38 & 39 Vict. c. 55], with respect to a factory, workshop, or workplace, not kept in a cleanly state, or not ventilated, or overcrowded, shall apply to every factory, workshop, and workplace, except any factory to which the last preceding section applies.

(2.) Every workshop and every workplace within the meaning of the Public Health Act, 1875, must be kept free from effluvia arising from any drain, watercloset, earthcloset, privy, urinal, or other nuisance, and unless so kept shall be deemed to be a nuisance liable to be dealt with summarily under the law relating to public health.

(3.) Where on the certificate of a medical officer of health or inspector of nuisances it appears to any district council that the limewashing, cleansing, or purifying, of any such workshop, or of any part thereof, is necessary for the health of the persons employed therein, the council shall give notice in writing to the owner or occupier of the workshop to limewash, cleanse, or purify the same, or part thereof as the case may require.

(4.) If the person to whom notice is so given fails to comply therewith within the time therein specified, he shall be liable to a fine not exceeding ten shillings for every day during which he continues to make default, and the council may, if they think fit, cause the workshop or part to be limewashed, cleansed, or purified, and may recover in a summary manner the expenses incurred by them in so doing from the person in default.

(5.) This section shall not apply to any workshop or workplace to which the Public Health (London) Act, 1891 [54 & 55 Vict. c. 76], applies.

3. *Overcrowding of factory or workshop.* (1.) A factory shall for the purposes of this Act, and a workshop shall for the purposes of the law relating to public health, be deemed to be so overcrowded as to be dangerous or injurious to the health of the persons employed therein, if the number of cubic feet of space in any room therein bears to the number of persons employed at one time in the room a proportion less than two hundred and fifty, or, during any period of overtime, four hundred, cubic feet of space to every person.

(2.) Provided that the Secretary of State may, by Special Order, modify this proportion for any period during which artificial light other than electric light is employed for illuminating purposes, and may, by like order, as regards any particular manufacturing process or handicraft, substitute for the said figures of two hundred and fifty and four hundred respectively any higher figures, and thereupon this section shall have effect as modified by the order.

(3.) Where a workshop or workplace, not being a domestic workshop, is occupied by day as a workshop and by night as a sleeping apartment, the Secretary of State may by Special Order modify the proportion of cubic feet of space prescribed by this section, and substitute therefor any higher figures, and thereupon this section shall have effect as modified by the order.

(4.) There shall be affixed in every factory and workshop a notice specifying the number of persons who may be employed in each room of the factory or workshop by virtue of this section.

4. *Power of Secretary of State to act in default of local authority.* (1.) If the Secretary of State is satisfied that the provisions of this Act, or of the

law relating to public health in so far as it affects factories, workshops, and workplaces, have not been carried out by any district council, he may, by order, authorize an inspector to take, during such period as may be mentioned in the order, such steps as appear necessary or proper for enforcing those provisions.

(2.) An inspector authorized in pursuance of this section shall, for the purpose of his duties thereunder, have the same powers with respect to workshops and workplaces as he has with respect to factories, and he may, for that purpose, take the like proceedings for enforcing the provisions of this Act or of the law relating to public health, or for punishing or remedying any default as might be taken by the district council; and he shall be entitled to recover from the district council all such expenses in and about any proceedings as he may incur, and as are not recovered from any other person.

5. *Powers of inspector as to sanitary defects in factory or workshop remediable by sanitary authority.*

(1.) Where it appears to an inspector that any act, neglect, or default, in relation to any drain, water-closet, earthcloset, privy, ashpit, water-supply, nuisance, or other matter in a factory or workshop, is punishable or remediable under the law relating to public health, but not under this Act, that inspector shall give notice in writing of the act, neglect, or default, to the district council in whose district the factory or workshop is situate, and it shall be the duty of the district council to make such inquiry into the subject of the notice, and take such action thereon, as seems to that council proper for the purpose of enforcing the law, and to inform the inspector of the proceedings taken in consequence of the notice.

(2.) An inspector may, for the purposes of this section, take with him into a factory or a workshop a medical officer of health, inspector of nuisances, or other officer of the district council.

(3.) Where notice of an act, neglect, or default, is given by an inspector under this section to a district council, and proceedings are not taken within one month for punishing or remedying the act, neglect, or default, the inspector may take the like proceedings for punishing or remedying the same as the district council might have taken, and shall be entitled to recover from the district council all such expenses in and about the proceedings as the inspector incurs and as are not recovered from any other person, and have not been incurred in any unsuccessful proceedings.

6. *Temperature in factories and workshops.* (1) In every factory and workshop adequate measures must be taken for securing and maintaining a reasonable temperature in each room in which any person is employed, but the measures so taken must not interfere with the purity of the air of any room in which any person is employed.

(2.) The Secretary of State may, by Special Order, direct with respect to any class of factories or workshops that thermometers be provided, maintained, and kept in working order, in such place and position as may be specified in the order.

(3.) A factory or workshop in which there is any contravention of this section, or of any order under this section, shall be deemed not to be kept in conformity with this Act.

7. *Ventilation.* (1.) In every room in any factory or workshop sufficient means of ventilation shall be provided, and sufficient ventilation shall be maintained.

(2.) The Secretary of State may, by Special Order, prescribe a standard of sufficient ventilation for any class of factories or workshops, and that standard shall be observed in all factories and workshops of that class, and an order made under this power may supersede any provision of this Act or order of the Secretary of State with respect to ventilation in cotton cloth factories.

(3.) A factory in which there is a contravention of the provisions of this section shall be deemed not to be kept in conformity with this Act, and a workshop in which there is a contravention of the provisions of this section shall be deemed to be a nuisance liable to be dealt with summarily under the law relating to public health.

(4.) If the occupier of a factory or workshop (including a cotton cloth factory in which humidity of the atmosphere is artificially produced) alleges that the whole or part of the expenses of providing the

means of ventilation required by this Act ought to be borne by the owner, he may by complaint apply to a court of summary jurisdiction, and that court may make such order concerning the expenses or their apportionment as appears to the court to be just and equitable under the circumstances of the case, regard being had to the terms of any contract between the parties.

8. *Drainage of floors.* (1.) In every factory or workshop or part thereof in which any process is carried on which renders the floor liable to be wet to such an extent that the wet is capable of being removed by drainage, adequate means shall be provided for draining off the wet.

(2.) A factory in which there is a contravention of the provisions of this section shall be deemed not to be kept in conformity with this Act, and a workshop in which there is a contravention of the provisions of this section shall be deemed to be a nuisance liable to be dealt with summarily under the law relating to public health.

9. *Sanitary conveniences in factories and workshops.* (1.) Every factory and workshop must be provided with sufficient and suitable accommodation in the way of sanitary conveniences, regard being had to the number of persons employed in or in attendance at the factory or workshop, and also where persons of both sexes are or are intended to be employed or in attendance, with proper separate accommodation for persons of each sex.

(2.) The Secretary of State shall, by Special Order, determine what is sufficient and suitable accommodation within the meaning of this section.

(3.) A factory or workshop in which there is a contravention of this section shall be deemed not to be kept in conformity with this Act.

(4.) This section does not apply to the administrative county of London, or to any place where section twenty-two of the Public Health Acts Amendment Act, 1890 [53 & 54 Vict. c. 59], is in force.

#### (ii.) *Safety.*

10. *Fencing of machinery.* (1.) With respect to the fencing of machinery in a factory the following provisions shall have effect:

(a.) Every hoist or teagle, and every fly-wheel directly connected with the steam or water or other mechanical power, whether in the engine-house or not, and every part of any water wheel or engine worked by any such power, must be securely fenced; and

(b.) Every wheel-race not otherwise secured must be securely fenced close to the edge of the wheel-race; and

(c.) All dangerous parts of the machinery, and every part of the mill gearing, must either be securely fenced, or be in such position or of such construction as to be equally safe to every person employed or working in the factory as it would be if it were securely fenced; and

(d.) All fencing must be constantly maintained in an efficient state while the parts required to be fenced are in motion or use, except where they are under repair or under examination in connection with repair, or are necessarily exposed for the purpose of cleaning or lubricating or for altering the gearing or arrangements of the parts of the machine.

(2.) A factory in which there is a contravention of this section shall be deemed not to be kept in conformity with this Act.

11. *Steam boilers.* (1.) Every steam boiler used for generating steam in a factory or workshop, or in any place to which any of the provisions of this Act apply, must, whether separate or one of a range—

(a.) have attached to it a proper safety valve and a proper steam gauge and water gauge to show the pressure of steam and the height of water in the boiler; and

(b.) be examined thoroughly by a competent person at least once in every fourteen months.

(2.) Every such boiler, safety valve, steam gauge, and water gauge must be maintained in proper condition.

(3.) A report of the result of every such examination in the prescribed form, containing the prescribed particulars, shall within fourteen days be entered into or attached to the general register of the factory or workshop, and the report shall be signed by the person making the examination,

and, if that person is an inspector of a boiler-inspecting company or association, by the chief engineer of the company or association.

(4.) A factory or workshop in which there is a contravention of this section shall be deemed not to be kept in conformity with this Act.

(5.) This section shall not apply to the boiler of any locomotive which belongs to and is used by any railway company, or to any boiler belonging to or exclusively used in the service of His Majesty.

(6.) For the purposes of this section the whole of a tenement factory or workshop shall be deemed to be one factory or workshop, and the owner shall be substituted for the occupier, and he shall register the report referred to in this section.

12. *Regulations as to self-acting machines.* (1.) In a factory erected on or after the first day of January one thousand eight hundred and ninety-six, the traversing carriage of any self-acting machine must not be allowed to run out within a distance of eighteen inches from any fixed structure not being part of the machine, if the space over which it runs out is a space over which any person is liable to pass, whether in the course of his employment or otherwise. Provided that nothing in this sub-section shall prevent any portion of the traversing carriage of any self-acting cotton spinning or woollen spinning machine being allowed to run out within a distance of twelve inches from any part of the head stock of another self-acting cotton spinning or woollen spinning machine.

(2.) A person employed in a factory must not be allowed to be in the space between the fixed and the traversing parts of a self-acting machine unless the machine is stopped with the traversing part on the outward run, but for the purpose of this provision the space in front of a self-acting machine shall not be included in the space aforesaid.

(3.) A woman, young person, or child, must not be allowed to work between the fixed and traversing part of any self-acting machine while the machine is in motion by the action of steam, water, or other mechanical power.

(4.) A factory in which a traversing carriage is allowed to run out in contravention of this section shall be deemed not to be kept in conformity with this Act, and any person allowed to be in the space aforesaid or to work in contravention of this section shall be deemed to be employed contrary to the provisions of this Act.

13. *Restrictions on cleaning when machinery is in motion.* (1.) A child must not be allowed to clean in any factory—

while the machinery is in motion by the aid of steam, water, or other mechanical power.

(2.) A young person must not be allowed to clean any dangerous part of the machinery in a factory while the machinery is in motion by the aid of steam, water, or other mechanical power; and for this purpose such parts of the machinery shall, unless the contrary is proved, be presumed to be dangerous as are so notified by an inspector to the occupier of the factory.

(3.) A woman or young person must not be allowed to clean such part of the machinery in a factory as is mill-gearing while the machinery is in motion for the purpose of propelling any part of the manufacturing machinery.

if the factory or workshop is not so furnished it shall be deemed not to be kept in conformity with this Act; and it shall be the duty of the council to examine every such factory and workshop, and, on being satisfied that the factory or workshop is so provided, to give such a certificate as aforesaid. The certificate must specify in detail the means of escape so provided.

(2.) With respect to all factories and workshops to which the foregoing provisions of this section do not apply, and in which more than forty persons are employed, it shall be the duty of the district council of every district from time to time to ascertain whether all such factories and workshops within their district are provided with such means of escape as aforesaid, and, in the case of any factory or workshop which is not so provided to serve on the owner of the factory or workshop a notice in writing specifying the measures necessary for providing such means of escape as aforesaid, and requiring him to carry them out before a specified date, and thereupon the owner shall, notwithstanding any agreement with the occupier, have power to take such steps as are necessary for complying with the requirements, and unless the requirements are complied with, the owner shall be liable to a fine not exceeding one pound for every day that the non-compliance continues.

(3.) In case of a difference of opinion between the owner of the factory or workshop and the council under the last foregoing subsection, the difference shall, on the application of either party, to be made within one month after the time when the difference arises, be referred to arbitration, and thereupon the provisions of the First Schedule to this Act shall have effect, and the award on the arbitration shall be binding on the parties thereto, and the notice of the council shall be discharged, amended, or confirmed in accordance with the award.

(4.) If the owner alleges that the occupier of the factory or workshop ought to bear or contribute to the expenses of complying with the requirement, he may apply to the county court having jurisdiction where the factory or workshop is situate, and thereupon the county court, after hearing the occupier, may make such order as appears to the court just and equitable under all the circumstances of the case.

(5.) For the purpose of enforcing the foregoing provisions of this section, an inspector may give the like notice and take the like proceedings as under the foregoing provisions of this Act with respect to matters punishable or remediable under the law relating to public health but not under this Act, and those provisions shall apply accordingly.

(6.) The means of escape in case of fire provided in any factory or workshop shall be maintained in good condition and free from obstruction, and if it is not so maintained the factory or workshop shall be deemed not to be kept in conformity with this Act.

(7.) For the purposes of this section the whole of a tenement factory or workshop shall be deemed to be one factory or workshop, and the owner shall be substituted for the occupier.

(8.) All expenses incurred by a district council in the execution of this section shall be defrayed—

15. *Byelaws for means of escape from fire.* Every district council shall, in addition to any powers which they possess with reference to the prevention of fire, have power to make byelaws providing for means of escape from fire in the case of any factory or workshop, and sections one hundred and eighty-two to one hundred and eighty-six of the Public Health Act, 1875, shall apply to any byelaws so made.

16. *Doors of factory or workshop to open from inside.* (1.) While any person employed in a factory or workshop is within the factory or workshop for the purpose of employment or meals, the doors of the factory or workshop, and of any room

therein in which any such person is, must not be locked or bolted or fastened in such a manner that they cannot easily and immediately open from the inside.

(2.) In every factory or workshop the construction of which was not commenced before the first day of January one thousand eight hundred and ninety-six, the doors of each room in which more persons than ten are employed, shall, except in the case of sliding doors, be constructed so as to open outwards.

(3.) A factory or workshop in which there is a contravention of this section shall be deemed not to be kept in conformity with this Act.

17. *Power to make order as to dangerous machine.*

(1.) A court of summary jurisdiction may, on complaint by an inspector, and on being satisfied that any part of the ways, works, machinery, or plant used in a factory or workshop (including a steam boiler used for generating steam), is in such a condition that it cannot be used without danger to life or limb, by order, prohibit its use, or, if it is capable of repair or alteration, prohibit its use until it is duly repaired or altered.

(2.) Where a complaint has been made under this section, the court or a justice may, on application *ex parte* by the inspector, and on receiving evidence that the use of any such part of the ways, works, machinery, or plant, involves imminent danger to life, make an interim order prohibiting, either absolutely or subject to conditions, the use thereof until the earliest opportunity for hearing and determining the complaint.

(3.) If there is any contravention of an order under this section, the person entitled to control the use of the part of the ways, works, machinery, or plant, shall be liable to a fine not exceeding forty shillings a day during the contravention.

18. *Power to make order as to unhealthy or dangerous factory or workshop.*

(1.) A court of summary jurisdiction may, on complaint by an inspector, and on being satisfied that any place used as a factory or workshop or as part of a factory or workshop is in such a condition that any manufacturing process or handicraft carried on therein cannot be so carried on without danger to health or to life or limb, by order, prohibit the use of that place for the purpose of that process or handicraft, until such works have been executed as are in the opinion of the court necessary to remove the danger.

(2.) Provided that proceedings shall not be taken under this section in cases where proceedings might be taken by or at the instance of any district council under the provisions of the law relating to public health, unless the inspector is authorised to take proceedings under the foregoing provisions of this Act with respect to the enforcement of sanitary provisions in workshops, or with respect to matters punishable or remediable under the law relating to public health but not under this Act.

(3.) If there is any contravention of an order under this section, the occupier of the place shall be liable to a fine not exceeding forty shillings a day during the contravention.

### (iii.) Accidents.

19. *Notice of accidents causing death or bodily injury.* (1.) Where there occurs in a factory or workshop any accident which either—

(a.) Causes loss of life to a person employed in the factory or workshop; or

(b.) Causes to a person employed in the factory or workshop such bodily injury as to prevent him on any one of the three working days next after the occurrence of the accident from being employed for five hours on his ordinary work, written notice shall forthwith be sent to the inspector for the district.

(2.) If the accident causes loss of life, or is produced either by machinery moved by steam, water, or other mechanical power, or through a vat, pan, or other structure, filled with hot liquid or molten metal or other substance, or by explosion or by escape of gas, steam, or metal, then, unless notice thereof is required by section sixty-three of the Explosives Act, 1875 [38 & 39 Vict. c. 17], to be sent to a Government inspector, notice thereof shall forthwith be sent to the certifying surgeon for the district.

(3.) The notice shall state the residence of the person killed or injured, and the place to which he has been removed.

(4.) If any notice required by this section to be sent with respect to an accident in a factory or workshop is not so sent, the occupier of the factory or workshop shall be liable to a fine not exceeding five pounds.

(5.) If any accident to which this section applies occurs to a person employed in an iron mill or blast furnace or other factory or workshop where the occupier is not the actual employer of the person killed or injured, the actual employer shall immediately report the same to the occupier, and in default shall be liable to a fine not exceeding five pounds.

20. *Investigation of and report on accidents by certifying surgeon.*

(1.) Where a certifying surgeon receives in pursuance of this Act notice of an accident in a factory or workshop, he shall, with the least possible delay, proceed to the factory or workshop, and make a full investigation as to the nature and cause of the death or injury caused by that accident, and within the next twenty-four hours send to the inspector a report thereof.

(2.) The certifying surgeon, for the purpose only of an investigation under this section, shall have the same powers as an inspector, and shall also have power to enter any room in a building to which the person killed or injured has been removed.

21. *Inquest in case of death by accident in factory or workshop.*

(1.) Where a death has occurred by accident in a factory or workshop, the coroner shall forthwith advise the district inspector of the time and place of holding the inquest, and, unless an inspector or some person on behalf of the Secretary of State is present to watch the proceedings, the coroner shall adjourn the inquest, and shall, at least four days before holding the adjourned inquest, send to the inspector notice in writing of the time and place of holding the adjourned inquest.

Provided that, if the accident has not occasioned the death of more than one person, and the coroner has sent to the inspector notice of the time and place of holding the inquest at such time as to reach the inspector not less than twenty-four hours before the time of holding the inquest, it shall not be imperative on him to adjourn the inquest in pursuance of this section, if the majority of the jury think it unnecessary so to adjourn.

(2.) Any relative of any person whose death may have been caused by the accident with respect to which the inquest is being held, and any inspector, and the occupier of the factory or workshop in which the accident occurred, and any person appointed by the order in writing of the majority of the workpeople employed in the factory or workshop, shall be at liberty to attend at the inquest, and, either in person or by his counsel, solicitor, or agent, to examine any witness, subject nevertheless to the order of the coroner.

22. *Power to direct formal investigation of accidents.*

Where it appears to the Secretary of State that a formal investigation of any accident occurring in a factory or workshop and its causes and circumstances is expedient, the Secretary of State may direct that such an investigation be held, and with respect to any such investigation the following provisions shall have effect:

(1.) The Secretary of State may appoint a competent person to hold the investigation, and may appoint any person or persons possessing legal or special knowledge to act as assessors or assessors in holding the investigation;

(2.) The person or persons so appointed (hereinafter called "the court") shall hold the investigation in open court in such manner and under such conditions as the court may think most effectual for ascertaining the causes and circumstances of the accident, and enabling the court to make the report in this section mentioned;

(3.) The court shall have for the purpose of the investigation all the powers of a court of summary jurisdiction when acting as a court in hearing informations for offences against this Act, and all powers of an inspector under this Act, and in addition the following powers, namely:

- (a.) Power to enter and inspect any place or building the entry or inspection whereof appears to the court requisite for the said purpose;

  - (c.) Power to require the production of all books, papers, and documents which it considers important for the said purpose;
  - (d.) Power to administer an oath and require any person examined to make and sign a declaration of the truth of the statements made by him in his examination.
- (4.) Persons attending as witnesses before the court shall be allowed such expenses as would be allowed to witnesses attending before a court of record; and in case of dispute as to the amount to be allowed, the same shall be referred by the court to a master of one of His Majesty's superior courts, who, on request, signed by the court, shall ascertain and certify the proper amount of the expenses:
- (5.) The court holding an investigation under this section shall make a report to the Secretary of State, stating the causes of the accident and its circumstances, and adding any observations which the court thinks right to make:
- (6.) All expenses incurred in and about an investigation under this section (including the remuneration of any person appointed to act as assessor) shall be deemed to be part of the expenses of the Secretary of State in the execution of this Act:
- (7.) Any person who without reasonable excuse (proof whereof shall lie on him) either fail, after having had the expenses (if any) to which he is entitled tendered to him, to comply with any summons or requisition of a court holding an investigation under this section, or prevents or impedes the court in the execution of its duty, shall for every such offence be liable to a fine not exceeding ten pounds, and in the case of a failure to comply with a requisition for making any return or producing any document shall be liable to a fine not exceeding ten pounds for every day that such failure continues.

The Secretary of State may cause any special report of an inspector or any report of a court under this part of this Act to be made public at such time and in such manner as he may think fit.

shall be deemed to be employed contrary to the provisions of this Act.

**37. Employment of male young persons above 16 in lace factories.]** (1.) In the part of a textile factory in which a machine for the manufacture of lace is moved by steam, water, or other mechanical power, the period of employment for any male young person above the age of sixteen years may be between four o'clock in the morning and ten o'clock in the evening, if he is employed in accordance with the following conditions—namely:—

- (b.) Where he is employed on any day before the beginning of the ordinary period of employment, he must not be employed on the same day after the end of that period; and
- (c.) Where he is employed on any day after the end of the ordinary period of employment, he must not be employed next morning before the beginning of the ordinary period of employment.

(2.) For the purpose of this exception the ordinary period of employment means the period of employment for women or young persons under the age of sixteen years in the factory, or, if none are employed, means such period as can under this Act be fixed for the employment of women and young persons under the age of sixteen years in the factory, and notice of such period shall be affixed in the factory.

38. *Employment of male young persons above 16 in bakehouses.* (1.) In the part of a bakehouse in which the process of baking bread is carried on, the period of employment for any male young person above the age of sixteen years may be between five o'clock in the morning and nine o'clock in the evening, if he is employed in accordance with the following conditions; namely:—

39. *Five hours' spell in certain textile factories.* (1.) In any of the textile factories to which this exception applies, a woman, young person, or child may, between the first day of November and the last day of March next following, be employed continuously for five hours without an interval for a meal; provided that,—

- (a) the period of employment fixed by the occupier and specified in the notice begins at seven o'clock in the morning; and

- (2.) This exception applies to textile factories solely used for—
- (a) the making of elastic web; or
  - (b) the making of ribbon; or
  - (c) the making of trimming.

(3.) Where it is proved to the satisfaction of the Secretary of State that in any class of textile factories, either generally or when situate in any particular locality, the customary habits of the persons employed therein require the extension thereto of this exception, and that the manufacturing process carried on therein is of a healthy character, and the extension can be made without injury to the health of the women, young persons, and children, affected thereby, he may, by Special Order, extend this exception accordingly. The limitation of this exception to the period between the first day of November and the following last day of March shall not, if the Secretary of State by Special Order so directs, apply to hosiery factories.

40. *Different meal times for different sets, and employment during meal times.* (1.) - (v) Letter-press printing works.

(2.) The provisions of this Act which require that a woman, young person, or child shall not during the times allowed for meals be employed or be allowed to remain in a room in which a

manufacturing process or handicraft is being carried on shall not apply to the following factories, namely:—

- (i) Iron mills, or
- (ii) Paper mills, or
- (iii) Glass works (except any part in which the materials are mixed, and, in the case of glass works where flint glass is made, any part in which the work of grinding, cutting, or polishing is carried on), or
- (iv) Letter-press printing works.

(3.) In that part of any print works or bleaching and dyeing works in which the process of dyeing or open-air bleaching is carried on—

- (i) A male young person may have the times allowed him for meals at different hours of the day from other young persons and women and children employed in the factory;
- (ii) A male young person may during the times allowed for meals to any other young person or to any woman or child be employed or be allowed to remain in a room in which a manufacturing process is carried on; and
- (iii) During the times allowed for meals to a male young person any other young person or any woman or child may be employed in the factory or be allowed to remain in a room in which a manufacturing process is carried on.

(4.) Where it is proved to the satisfaction of the Secretary of State that in any class of factories or workshops or parts thereof it is necessary, by reason of the continuous nature of the process or of special circumstances affecting that class, to extend thereto both or either of the following exceptions, namely:—

- (a) an exception permitting the women, young persons, and children employed in the factory or workshop to have the times allowed for meals at different hours of the day; or

- (b) in the process of cleaning and preparing fruit so far as is necessary to prevent the spoiling of the fruit immediately on its arrival at a factory or workshop during the months of June, July, August, and September, but this exception shall be subject to such conditions as the Secretary of State may by Special Order prescribe.

(2.) Where an occupier avails himself of this exception, the notice required to be served and affixed by an occupier of a factory or workshop availing himself of any special exception, need not specify the hours for the beginning and end of the period of employment, or the times to be allowed for meals.

42. *Special exceptions as to creameries.* In the case of creameries in which women and young persons are employed, the Secretary of State may, by Special Order, vary the beginning and end of the daily period of employment of those women and young persons, and the times allowed for their meals, and allow their employment for not more than three hours on Sundays and holidays: Provided that the order shall not permit any excess over either the daily or the weekly maximum number of hours of employment allowed by this Act.

43. *Substitution of another day for Saturday.*

Where it is proved to the satisfaction of the Secretary of State that the customs or exigencies of the trade carried on in any class of non-textile factories or workshops, either generally or when

situate in any particular locality, require some other day in the week to be substituted for Saturday as regards the hour at which the period of employment for women, young persons, and children is required by this Act to end on Saturday, he may, by Special Order, grant to that class of factories or workshops a special exception, authorizing the occupier of every such factory and workshop to substitute by a notice affixed in his factory or workshop some other day for Saturday, and in that case this Act shall apply in the factory or workshop in like manner as if the substituted day were Saturday, and Saturday were an ordinary work day. In the case of newspaper printing offices, he may by such order authorize the substitution of some other day for Saturday in respect of some of the young persons therein employed.

44. *Saturday employment in Turkey red dyeing.*

In the process of Turkey red dyeing the period of employment for women and young persons on Saturday may extend until half-past four o'clock in the afternoon, but the additional number of hours so worked shall be computed as part of the week's limit of work, which must in no case be exceeded.

45. *Holidays on different days for different sets.*

Where it is proved to the satisfaction of the Secretary of State that the customs or exigencies of the trade carried on in any class of non-textile factories or workshops, either generally or when situate in any particular locality, require that the special exception hereafter in this section mentioned should be granted, he may, by Special Order, grant to that class of factories or workshops a special exception authorizing the occupier of any such factory or workshop to allow all or any of the annual whole holidays or half holidays on different days to any of the women, young persons, and children employed in his factory or workshop, or to any sets of those women, young persons, and children, and not on the same days.

46. *Employment inside and outside on the same day.*

Where it is proved to the satisfaction of the Secretary of State that the customs or exigencies of the trade carried on in any class of factories or workshops, or parts thereof, either generally, or when situate in any particular locality, require that that trade should be excepted from the operation of the provisions of this Act relating to employment inside and outside a factory or workshop on the same day, he may, by Special Order, grant to that class of factories or workshops, or parts thereof, such special exception as may be necessary.

47. *Hours and holidays in factory or workshop of Jewish occupier.* Where the occupier of a factory or workshop is a person of the Jewish religion—

- (1.) If he keeps his factory or workshop closed on Saturday until sunset, he may employ women and young persons on Saturday from after sunset until nine o'clock in the evening; or
- (2.) If he keeps his factory or workshop closed on Saturday both before and after sunset, he may employ women and young persons one hour on every other day in the week (not being Sunday) in addition to the hours allowed by this Act, so that such hour be at the beginning or end of the period of employment, and be not before six o'clock in the morning or after nine o'clock in the evening.

48. *Sunday employment of Jews in factory or workshop of Jewish occupier.* Where the occupier of a factory or workshop is a person of the Jewish religion, a woman or young person of the Jewish religion may be employed on Sunday, subject to the following conditions:—

- (1.) The factory or workshop must be closed on Saturday and must not be open for traffic on Sunday; and
- (2.) The occupier must not avail himself of the exception authorizing the employment of women and young persons on Saturday evening, or for an additional hour during any other day of the week.

Where the occupier avails himself of this exception, this Act shall apply to the factory or workshop in like manner as if in the provisions thereof respecting Sunday the word Saturday were substituted for Sunday, and in the provisions thereof respecting Saturday the word Sunday, or, if the

occupier so specify in the notice, the word Friday were substituted for Saturday.

*Overtime.*

49. *Overtime employment of women for press of work.* (1.) In the non-textile factories and workshops or parts thereof and warehouses to which this exception applies, the period of employment for women on any day except Saturday, or any day substituted for Saturday, may be between six o'clock in the morning and eight o'clock in the evening, or between seven o'clock in the morning and nine o'clock in the evening, or between eight o'clock in the morning and ten o'clock in the evening, if they are employed in accordance with the following conditions, namely:—

- (c) Overtime employment under this section must not take place in a factory or workshop on more than thirty days in the whole of any twelve months, and in reckoning that period of thirty days, every day on which any woman has been employed overtime is to be taken into account.

(2.) This exception applies to the non-textile factories and workshops and parts thereof and warehouses specified in the Second Schedule to this Act, except that it does not apply to a workshop or part thereof which is conducted on the system of not employing any young person or child therein.

(3.) Where it is proved to the satisfaction of the Secretary of State that in any class of non-textile factories or workshops or parts thereof it is necessary, by reason of the material which is the subject of the manufacturing process or handicraft therein being liable to be spoiled by the weather, or by reason of press of work arising at certain recurring seasons of the year, or by reason of the liability of the business to a sudden press of orders arising from unforeseen events, to employ women in manner authorised by this exception, and that such employment will not injure the health of the women affected thereby, he may, by Special Order, extend this exception to those factories or workshops or parts thereof.

50. *Overtime employment of women on perishable articles.* (1.) In the factories and workshops and parts thereof to which this exception applies, the period of employment for a woman may on any day except Saturday, or any day substituted for Saturday, be between six o'clock in the morning and eight o'clock in the evening, or between seven o'clock in the morning and nine o'clock in the evening, if she is employed in accordance with the following conditions—namely:—

(2.) This exception applies to every factory and workshop or part thereof in which is carried on—

- (a) the process of making preserves from fruit; or
- (b) the process of preserving or curing fish; or
- (c) the process of making condensed milk.

(3.) Where it is proved to the satisfaction of the Secretary of State that in any class of non-textile factories or workshops or parts thereof it is necessary, by reason of the perishable nature of the articles or materials which are the subject of the manufacturing process or handicraft, to employ women in manner authorised by this exception, and that such employment will not injure the health of the women employed, he may, by Special Order, extend this exception to those factories or workshops or parts thereof.

51. *Overtime employment on incomplete process.* (1.) If in any factory or workshop or part thereof to which this exception applies, the process in which a woman, young person, or child is employed, is in an incomplete state at the end of the period of employment of the woman, young person, or child, the woman, young person, or child may on any day except Saturday, or any day substituted for Saturday, be employed for a further period not exceeding thirty minutes:

Provided that those further periods, when added to the total number of hours of the periods of employment of the woman, young person, or child in that week, do not raise that total above the number otherwise allowed under this Act.

(3.) Where it is proved to the satisfaction of the Secretary of State that in any class of non-textile factories or workshops or parts thereof the time for the completion of a process cannot by reason of the nature thereof be accurately fixed, and that the extension to that class of factories or workshops or parts thereof of this exception can be made without injury to the health of the women, young persons, and children, affected thereby, he may by Special Order extend this exception accordingly.

52. *Overtime employment in factories driven by water.* (1.) Where it appears to the Secretary of State that factories driven by water power are liable to be stopped by drought or flood, he may, by Special Order, grant to those factories a special exception permitting the employment of women and young persons during a period of employment from six o'clock in the morning until seven o'clock in the evening, on such conditions as he thinks proper, but so as that no person shall be deprived of the meal hours by this Act provided, nor be so employed on Saturday, or any day substituted for Saturday, and that as regards factories liable to be stopped by drought, the special exception shall not extend to more than ninety-six days in any period of twelve months, and as regards factories liable to be stopped by floods, the special exception shall not extend to more than forty-eight days in any period of twelve months. This overtime shall not extend in any case beyond the time already lost during the previous twelve months.

53. *Overtime employment in Turkey red dyeing and open-air bleaching.* A woman or young person may on any day except Saturday, or any day substituted for Saturday, be employed beyond the period of employment, so far as is necessary for the purpose only of preventing any damage which may arise from spontaneous combustion in the process of Turkey red dyeing, or from any extraordinary atmospheric influence in the process of open-air bleaching.

*Night Work.*

54. *Night employment of male young persons of 14.* (1.) In the factories and workshops to which this exception applies, a male young person of fourteen years of age and upwards may be employed during the night, if he is employed in accordance with the following conditions, namely:—

- (a) The period of employment must not exceed twelve consecutive hours, and must begin and end at the hours specified in the notice in this Act mentioned; and
- (b) The provisions of this Part of this Act with respect to the allowance of times for meals shall be observed with the necessary modifications as to the hour at which the meal times are fixed; and
- (c) A young person employed during any part of the night must not be employed during any part of the twelve hours preceding or succeeding the period of employment; and
- (d) He must not be employed on more than six nights, or in the case of blast furnaces or paper mills seven nights, in any two weeks; provided that this condition shall not prevent the employment of male young persons in three

shifts of not more than eight hours each, if there is an interval of two unemployed shifts between each two shifts of employment; and

(e) In the case of blast furnaces, iron mills, letter-press printing works, or paper mills, he must not be employed during the night in any process other than a process incidental to the business of the factory as described in Part I. of the sixth schedule to this Act.

(2.) The provisions of this Act with respect to the period of employment on Saturday, and with respect to the allowance to young persons of whole or half holidays, shall not apply to a male young person employed in day and night turns in pursuance of this exception.

(3.) This exception applies to the following factories, namely:—

- (a) Blast furnaces,
- (b) Iron mills,
- (c) Letter-press printing works, and
- (d) Paper mills.

(4.) Where it is proved to the satisfaction of the Secretary of State that in any class of non-textile factories or workshops, or parts thereof, it is necessary by reason of the nature of the business requiring the process to be carried on throughout the night to employ male young persons of sixteen years of age and upwards at night, and that such employment will not injure the health of the male young persons employed, he may, by Special Order, extend this exception to those factories or workshops or parts thereof so far as regards young persons of the age of sixteen years and upwards.

55. *Night employment of male young persons of 14 in glass works.* In glass works a male young person of fourteen years of age and upwards may work according to the accustomed hours of the works, if he is employed in accordance with the following conditions, namely:—

- (b) The periods of employment must not exceed fourteen hours in four separate turns per week, or twelve hours in five separate turns per week, or ten hours in six separate turns per week, or any less number of hours in the accustomed number of separate turns per week, so that the number of turns do not exceed nine; and
- (c) He must not work in any turn without an interval of time not less than one full turn; and
- (d) He must not be employed continuously for more than five hours without an interval of at least half an hour for a meal; and
- (e) He must not be employed on Sunday.

56. *Night employment of male young persons of 16 in printing newspapers.* In a factory or workshop in which the process of printing newspapers is carried on on not more than two nights in the week, a male young person above the age of sixteen years may be employed at night during not more than two nights in a week, as if he were no longer a young person:

Provided that he must not in pursuance of this exception be employed more than twelve hours in any consecutive period of twenty-four hours.

*Intermittent Employment.*

57. *Exemption for certain flax scutch mills.* (1.) The regulations of this Act with respect to the period of employment for women shall not apply to flax scutch mills which are conducted on the system of not employing either young persons or children therein, and which are worked intermittently, and for periods only which do not exceed in the whole six months in any year.

(2.) A flax scutch mill shall not be deemed to be conducted on the system of not employing either young persons or children therein, until the occupier has served on an inspector notice of his intention to conduct the mill on that system.

*Supplemental.*

58. *Power to impose sanitary requirements as condition of special exceptions.* (1.) Where it appears to the Secretary of State—

- (a) That the adoption of any special means or provision for the cleanliness or ventilation of a factory or workshop is required for the protection of the health of women, young persons,

or children, employed, in pursuance of an exception under this Part of this Act, either for a longer period than is otherwise allowed by this Act, or at night; or

(8) That the adoption of a special provision as to the total number of hours of employment in each week, the periods of employment, and the intervals between such periods, is required for the protection of the health of any women or young persons employed in pursuance of such an exception at night,

he may, by Special Order, direct that the adoption of the means or provision shall be a condition of such employment.

(2.) If it appears to the Secretary of State that the adoption of any such means or provision is no longer required, or is, having regard to all the circumstances, inexpedient, he may, by Special Order, rescind the order directing the adoption without prejudice to the subsequent making of another order.

**59. Power to rescind orders as to special exceptions.]** Where an exception has been granted or extended under this Act by an order of the Secretary of State, and it appears to the Secretary of State that the exception is injurious to the health of the women, young persons, or children employed in, or is no longer necessary for the carrying on of the business in, the class of factories or workshops or parts thereof to which the exception was so granted or extended, he may, by Special Order, rescind the grant or extension, without prejudice to the subsequent making of another order.

**60. Notices, registers, &c., relating to special exceptions.]** (1.) An occupier of a factory or workshop, not less than seven days before he avails himself of any special exception made by or in pursuance of this Act, shall serve on the inspector for the district, and affix in his factory or workshop, notice of his intention so to avail himself, and whilst he avails himself of the exception shall keep the notice so affixed.

(2.) Before the service of the notice on the inspector the special exception shall not be deemed to apply to the factory or workshop, and after the service of the notice on the inspector it shall not be competent in any proceeding under this Act for the occupier to prove that the exception does not apply to his factory or workshop, unless he has previously served on the inspector for the district notice that he no longer intends to avail himself of the exception.

(3.) The notice so served and affixed must, except as otherwise provided by this Act, specify the hours for the beginning and end of the period of employment, and the times to be allowed for meals to every woman, young person, and child where they differ from the ordinary hours or times.

(4.) An occupier of a factory or workshop shall enter in the prescribed register and report to the inspector for the district the prescribed particulars respecting the employment of a woman, young person, or child in pursuance of a special exception; and in the case of employment overtime, he shall also cause a notice containing the prescribed particulars respecting the employment to be kept affixed in the factory or workshop during the prescribed time, and he shall send the report required by this sub-section to the inspector not later than eight o'clock in the evening on which any woman, young person, or child is employed overtime in pursuance of the exception.

(5.) Where the occupier of a factory or workshop avails himself of a special exception made by or in pursuance of this Act, and a condition for availing himself of that exception (whether specified in this Act, or in an order of the Secretary of State made under this Act) is not observed in that factory or workshop, then

(a) If the condition relates to the cleanliness, ventilation, or overcrowding of the factory or workshop, the factory or workshop shall be deemed not to be kept in conformity with this Act; and

(b) In any other case a woman, young person, or child, employed in the factory or workshop, in alleged pursuance of the exception, shall be deemed to be employed contrary to the provisions of this Act.

(6.) Where an occupier of a factory or workshop has served on an inspector a report in pursuance of

this section of his intention to employ any persons overtime by virtue of a special exception, the report shall, unless withdrawn, be *prima facie* evidence in any proceedings under this Act that the occupier has in fact employed persons overtime in accordance with the report.

### (iii.) Fitness for Employment.

**61. Prohibition of employment of women after childbirth.]** An occupier of a factory or workshop shall not knowingly allow a woman or girl to be employed therein within four weeks after she has given birth to a child.

**62. Prohibition of employment of children under twelve.]** A child under the age of twelve years must not be employed in a factory or workshop unless lawfully so employed at the commencement of this Act.

**63. Certificates of fitness for employment of young persons under 16 and children in factories.]** (1.) In a factory a young person under the age of sixteen years or a child must not be employed for more than seven, or if the certifying surgeon for the district resides more than three miles from the factory, thirteen, work days, unless the occupier of the factory has obtained a certificate, in the prescribed form, of the fitness of the young person or child for employment in that factory.

(2.) When a child becomes a young person a fresh certificate of fitness must be obtained.

(3.) The occupier shall, when required, produce to an inspector at the factory in which a young person or child is employed the certificate of fitness of that young person or child for employment.

**64. Regulations as to grant of certificate of fitness.]** With respect to a certificate of fitness for employment for the purposes of this Act, the following provisions shall have effect:—

(1.) The certificate shall be granted by the certifying surgeon for the district.

(2.) The certificate must not be granted except upon personal examination of the person named therein.

(3.) A certifying surgeon shall not examine a young person or child for the purpose of the certificate or sign the certificate elsewhere than at the factory where the young person or child is or is about to be employed, unless the number of young persons and children employed in that factory is less than five, or unless for some special reason allowed in writing by an inspector.

(4.) The certificate must be to the effect that the certifying surgeon is satisfied, by the production of a certificate of birth or other sufficient evidence, that the person named in the certificate is of the age therein specified, and has been personally examined by him and is not incapacitated by disease or bodily infirmity for working daily for the time allowed by law in the factory named in the certificate.

(5.) The certificate may be qualified by conditions as to the work on which a child or young person is fit to be employed, and if it is so qualified the occupier shall not employ the young person or child otherwise than in accordance with the conditions.

(6.) A certifying surgeon shall have the same powers as an inspector for the purpose of examining any process in which a child or young person presented to him for the grant of a certificate is proposed to be employed.

(7.) All factories in the occupation of the same occupier and in the district of the same certifying surgeon, or any of them, may be named in the certificate, if the surgeon is of opinion that he can truly give the certificate for employment therein.

(8.) The certificate of birth (which may be produced to a certifying surgeon) shall either be a certified copy of the entry in the register of births, kept in pursuance of the Acts relating to the registration of births, of the birth of the young person or child (whether that copy is obtained in pursuance of the Elementary Education Act, 1876 [39 & 40 Vict. c. 79], or otherwise), or be a certificate from a local authority within the meaning of the Elementary Education Act, 1876, to the effect that it appears from the returns transmitted to that authority in pursuance of the said Act by the

registrar of births and deaths that the child was born at the date named in the certificate.

(9.) Where the certificate is to the effect that the certifying surgeon has been satisfied of the age of a young person or child by evidence other than the production of a certificate of birth, an inspector may, by notice in writing, annul the surgeon's certificate if he has reasonable cause to believe that the real age of the young person or child named in it is less than that mentioned in the certificate, and thereupon that certificate shall be of no avail for the purposes of this Act.

(10.) Where a certifying surgeon refuses to grant a certificate for any person examined by him, he shall when required give in writing and sign the reasons for his refusal.

**65. Power to obtain certificates of fitness for employment in workshops.]** In order to enable occupiers of workshops to better secure the observance of this Act, and prevent the employment in their workshops of young persons under the age of sixteen years and children who are unfitted for that employment, an occupier of a workshop may obtain, if he thinks fit, from the certifying surgeon for the district, certificates of the fitness of young persons under the age of sixteen years and children for employment in his workshop, in like manner as if that workshop were a factory, and the certifying surgeon shall examine the young persons and children, and grant certificates accordingly.

**66. Power to require certificates of fitness for employment in certain workshops.]** (1.) Where it appears to the Secretary of State that by reason of special circumstances affecting any class of workshops it is expedient for protecting the health of the young persons under the age of sixteen years, and of the children employed therein, to extend thereto the prohibition in this section mentioned, he may, by Special Order, extend to that class of workshops the prohibition in this Act of the employment of young persons under the age of sixteen years and children without a certificate of the fitness of the young person or child for employment, and thereupon the provisions of this Act with respect to certificates of fitness for employment shall apply to the class of workshops named in the order in like manner as if they were factories.

(2.) If the prohibition is proved to the satisfaction of the Secretary of State to be no longer necessary for the protection of the health of young persons under the age of sixteen years and the children employed in any class of workshops to which it has been extended under this section, he may, by Special Order, rescind the order of extension, without prejudice to the subsequent making of another order.

**67. Power of inspector to require surgical certificate of capacity for work.]** Where an inspector is of opinion that a young person under the age of sixteen years or a child is by disease or bodily infirmity incapacitated for working daily for the time allowed by law in the factory or workshop in which he is employed, he may serve written notice thereof on the occupier of the factory or workshop, requiring that the employment of that young person or child be discontinued from the period named therein, not being less than one nor more than seven days after the service of the notice, and the occupier shall not continue after the period named in the notice to employ that young person or child (notwithstanding that a certificate of fitness has been previously obtained for the young person or child), unless the certifying surgeon for the district has, after the service of the notice, personally examined the young person or child, and has certified that the young person or child is not so incapacitated as aforesaid.

### PART III.—

#### EDUCATION OF CHILDREN.

**68. Attendance at school of children employed in factory or workshop.]** (1.) The parent of a child employed in a factory or workshop shall cause that child to attend some recognised efficient school (which school may be selected by the parent) as follows:—

(a) The child, when employed in a morning or afternoon set, must in every week, during any part of which he is so employed, be caused to

attend on each work day for at least one attendance; and

(b) The child, when employed on the alternate day system, must on each work day preceding each day of employment be caused to attend for at least two attendances;

(c) An attendance for the purposes of this section shall be an attendance as defined for the time being by the Secretary of State with the consent of the Board of Education, and be between the hours of eight in the morning and six in the evening:—

Provided as follows:—

(i.) A child shall not be required by this Act to attend school on Saturday or on any holiday or half-holiday allowed under this Act in the factory or workshop in which the child is employed:

(ii.) The non-attendance of a child shall be excused on every day on which he is certified by the teacher of the school to have been prevented from attending by sickness or other unavoidable cause, and when the school is closed during the ordinary holidays or for any other temporary cause:

(iii.) Where there is not within the distance of two miles, measured according to the nearest road, from the residence of the child, a recognised efficient school which the child can attend, attendance at a school temporarily approved in writing by an inspector, although not a recognised efficient school, shall for the purposes of this Act be deemed attendance at a recognised efficient school until such recognised efficient school as aforesaid is established, and with a view to such establishment the inspector shall immediately report to the Board of Education every case of the approval of a school by him under this section.

(2.) A child who has not in any week attended school for all the attendances required by this section must not be employed in the following week until he has attended school for the deficient number of attendances.

(3.) The Board of Education shall, by the publication of lists or of notices or otherwise as they think expedient, provide for giving to all persons interested information of the schools in each school district which are recognised efficient schools.

69. *Obtaining of school attendance certificate by occupier.* (1.) The occupier of a factory or workshop in which a child is employed shall on Monday in every week (after the first week in which the child began to work therein), or on some other day appointed for that purpose by an inspector, obtain from the teacher of the recognised efficient school attended by a child a certificate (according to the prescribed form and directions) respecting the attendance of the child at school in accordance with this Act.

(2.) If a child is employed without such certificate being obtained as is required by this section, the child shall be deemed to be employed contrary to the provisions of this Act.

(3.) The occupier shall keep every such certificate for two months after the date thereof, if the child so long continues to be employed in his factory or workshop, and shall produce the same to an inspector when required during that period.

70. *Payment by occupier of sum for schooling.* The persons who manage a recognised efficient school attended by a child employed in a factory or workshop, or some person authorised by them may (if fees for children may be charged in that school) apply in writing to the occupier of the factory or workshop to pay a weekly sum specified in the application, not exceeding threepence and not exceeding one-twelfth part of the wages of the child, and after that application the occupier, so long as he employs the child, shall be liable to pay to the applicants, while the child attends their school, that weekly sum, and the sum may be recovered as a debt, and the occupier may deduct the sum so paid by him from the wages payable for the services of the child.

71. *Employment as young person of child of 13 on obtaining educational certificate.* (1.) When a child of the age of thirteen years has obtained from a person authorised by the Board of Education a certificate of having attained such standard of proficiency in reading, writing, and arithmetic, or

such standard of previous due attendance at a certified efficient school as is mentioned in this section, that child shall be deemed to be a young person for the purposes of this Act.

(2.) The standard of proficiency and due attendance for the purposes of this section shall be such as may be from time to time fixed for the purposes of this Act by the Secretary of State, with the consent of the Board of Education, and the standards so fixed shall be published in the London Gazette, and shall not have effect until the expiration of at least six months after such publication.

(3.) Attendance at a certified day industrial school shall be deemed for the purposes of this section to be attendance at a certified efficient school.

72. *Definitions of "certified efficient school," and "recognised efficient school."* (1.) In this Act—

The expression "certified efficient school" means a public elementary school within the meaning of the Elementary Education Acts, 1870 to 1900, and any workhouse school in England certified to be efficient by the Local Government Board, and any elementary school which is not conducted for private profit and is open at all reasonable times to the inspection of His Majesty's inspectors of schools, and requires the like attendance from its scholars as is required in a public elementary school, and keeps such registers of those attendances as are for the time being required by the Board of Education, and is certified by the Board to be an efficient school; and

The expression "recognised efficient school" means a certified efficient school, and any school which the Board of Education have not refused to take into consideration under the Elementary Education Act, 1870 [33 & 23 Vict. c. 75], as a school giving efficient elementary education to and suitable for the children of a school district, and which is recognised for the time being by an inspector under this Act as giving efficient elementary education.

(2.) An inspector shall immediately report to the Board of Education every school recognised by him as giving efficient elementary education.

#### PART IV.

73. *Notification of certain diseases contracted in factory or workshop.* (1.) Every medical practitioner attending on or called in to visit a patient whom he believes to be suffering from lead, phosphorus, arsenical or mercurial poisoning, or anthrax, contracted in any factory or workshop, shall (unless the notice required by this subsection has been previously sent) send to the Chief Inspector of Factories at the Home Office, London, a notice stating the name and full postal address of the patient and the disease from which, in the opinion of the medical practitioner, the patient is suffering, and shall be entitled in respect of every notice sent in pursuance of this section to a fee of two shillings and sixpence, to be paid as part of the expenses incurred by the Secretary of State in the execution of this Act.

(2.) If any medical practitioner, when required by this section to send a notice, fails forthwith to send the same, he shall be liable to a fine not exceeding forty shillings.

(3.) Written notice of every case of lead, phosphorus, or arsenical or mercurial poisoning, or anthrax, occurring in a factory or workshop, shall forthwith be sent to the inspector and to the certifying surgeon for the district; and the provisions of this Act with respect to accidents shall apply to any such case in like manner as to any such accident as is mentioned in those provisions.

74. *Provision as to ventilation by fan in certain factories and workshops.* (1.) In a factory or workshop where grinding, glazing, or polishing on a wheel, or any process is carried on by which dust, or any gas, vapour, or other impurity, is generated

and inhaled by the workers to an injurious extent, it appears to an inspector that such inhalation could be to a great extent prevented by the use of a fan or other mechanical means, the inspector may direct that a fan or other mechanical means of a proper construction for preventing such inhalation be provided within a reasonable time; and if the same is not provided, maintained, and used, the factory or workshop shall be deemed not to be kept in conformity with this Act.

75. *Lavatories and meals in certain dangerous trades.* (1.) In every factory or workshop where lead, arsenic, or any other poisonous substance is used, suitable washing conveniences must be provided for the use of the persons employed in any department where such substances are used.

In any factory or workshop where lead, arsenic, or other poisonous substance is so used as to give rise to dust or fumes, a person shall not be allowed to take a meal, or to remain during the times allowed to him for meals, in any room in which any such substance is used, and suitable provision shall be made for enabling the persons employed in such rooms to take their meals elsewhere in the factory or workshop.

(3.) A factory or workshop in which there is a contravention of this section shall be deemed not to be kept in conformity with this Act.

76. *Restrictions as to employment in wet-spinning.*

(1.) A woman, young person, or child must not be employed in any part of a factory in which wet-spinning is carried on, unless sufficient means are employed and continued for protecting the workers from being wetted, and, where hot water is used, for preventing the escape of steam into the room occupied by the workers.

(2.) A factory in which there is a contravention of this section shall be deemed not to be kept in conformity with this Act.

77. *Prohibition of employment of young persons and children in certain factories and workshops.* (1.) In the part of a factory or workshop in which there is carried on—

(a) the process of silvering of mirrors by the mercurial process; or

(d) in the case of earthenware works, in any part known or used as dippers house, dippers drying room, or china scouring room.

(2.) If a woman, young person, or child is allowed to take a meal or to remain during the times allowed for meals in a factory or workshop or part thereof in contravention of this section, the woman, young person, or child shall be deemed to be employed contrary to the provisions of this Act.

(3.) Notice of the prohibition in this section shall be affixed in every factory or workshop to which it applies.

(4.) Where it appears to the Secretary of State that by reason of the nature of the process in any class of factories or workshops or parts thereof not named in this section the taking of meals therein is specially injurious to health, he may, if he thinks fit, by Special Order, extend the prohibition in this section to the class of factories or workshops or parts thereof.

(5.) If the prohibition in this section is proved to the satisfaction of the Secretary of State to be no longer necessary for the protection of the health of women, young persons, and children in any class of factories or workshops or parts thereof to which it has been so extended, he may, by Special Order, rescind the order of extension, without prejudice to the subsequent making of another order.

(ii.) *Regulations for Dangerous Trades.*

**79. Power to make regulations for safety of persons employed in dangerous trades.]** Where the Secretary of State is satisfied that any manufacture, machinery, plant, process, or description of manual labour, used in factories or workshops, is dangerous or injurious to health or dangerous to life or limb, either generally or in the case of women, children, or any other class of persons, he may certify that manufacture, machinery, plant, process, or description of manual labour, to be dangerous; and thereupon the Secretary of State may, subject to the provisions of this Act, make such regulations as appear to him to be reasonably practicable, and to meet the necessity of the case.

**80. Procedure for making regulations.]** (1) Before the Secretary of State makes any regulations under this Act, he shall publish, in such manner as he may think best adapted for informing persons affected, notice of the proposal to make the regulations, and of the place where copies of the draft regulations may be obtained, and of the time (which shall be not less than twenty-one days) within which any objection made with respect to the draft regulations by or on behalf of persons affected must be sent to the Secretary of State.

(2.) Every objection must be in writing and state—

- (a) the draft regulations or portions of draft regulations objected to;
- (b) the specific grounds of objection; and
- (c) the omissions, additions, or modifications asked for.

(3.) The Secretary of State shall consider any objection made by or on behalf of any persons appearing to him to be affected which is sent to him within the required time, and he may, if he thinks fit, amend the draft regulations, and shall then cause the amended draft to be dealt with in like manner as an original draft.

(4.) Where the Secretary of State does not amend or withdraw any draft regulations to which any objection has been made, then (unless the objection either is withdrawn or appears to him to be frivolous) he shall, before making the regulations, direct an inquiry to be held in the manner hereinafter provided.

**82. Application of regulations.]** (1.) The regulations made under the foregoing provisions of this Act may apply to all the factories and workshops

in which the manufacture, machinery, plant, process, or description of manual labour, certified to be dangerous is used (whether existing at the time when the regulations are made or afterwards established) or to any specified class of such factories or workshops. They may provide for the exemption of any specified class of factories or workshops either absolutely or subject to conditions.

(2.) The regulations may apply to tenement factories and tenement workshops, and in such case may impose duties on occupiers who do not employ any person, and on owners.

(3.) No person shall be precluded by any agreement from doing, or be liable under any agreement to any penalty or forfeiture for doing, such acts as may be necessary in order to comply with the provisions of any regulation made under this Act.

**83. Provisions which may be made by regulations.]** Regulations made under the foregoing provisions of this Act may, among other things,—

- (b) prohibit, limit, or control the use of any material or process; and
- (c) modify or extend any special regulations for any class of factories or workshops contained in this Act.

**84. Regulations to be laid before Parliament.]** Regulations made under the foregoing provisions of this Act shall be laid as soon as possible before both Houses of Parliament, and if either House within the next forty days after the regulations have been laid before that House, resolve that all or any of the regulations ought to be annulled, the regulations shall, after the date of the resolution, be of no effect, without prejudice to the validity of anything done in the meantime thereunder, or to the making of any new regulations. If one or more of a set of regulations are annulled, the Secretary of State may, if he thinks fit, withdraw the whole set.

**85. Breach of regulations.]** (1.) If any occupier, owner, or manager, who is bound to observe any regulation under this Act, acts in contravention of or fails to comply with the regulation, he shall be liable for each offence to a fine not exceeding ten pounds, and, in the case of a continuing offence, to a fine not exceeding two pounds for every day during which the offence continues after conviction therefor.

(2.) If any person other than an occupier, owner, or manager, who is bound to observe any regulation under this Act, acts in contravention of, or fails to comply with, the regulation, he shall be liable for each offence to a fine not exceeding two pounds; and the occupier of the factory or workshop shall also be liable to a fine not exceeding ten pounds, unless he proves that he has taken all reasonable means of publishing, and to the best of his power enforcing, the regulations to prevent the contravention or non-compliance.

**86. Publication of regulations.]** (1.) Notice of any regulations having been made under the foregoing provisions of the Act, and of the place where copies of them can be purchased, shall be published in the London, Edinburgh, and Dublin Gazettes.

(2.) Printed copies of all regulations for the time being in force under this Act in any factory or workshop shall be kept posted up in legible characters in conspicuous places in the factory or workshop where they may be conveniently read by the persons employed. In a factory or workshop in Wales or Monmouthshire the regulations shall be posted up in the Welsh language also.

(3.) A printed copy of all such regulations shall be given by the occupier to any person affected thereby on his or her application.

(4.) If the occupier of any factory or workshop fails to comply with any provision of this section as to posting up or giving copies, he shall be liable to a fine not exceeding ten pounds.

(6.) Regulations for the time being in force under this Act shall be judicially noticed.

PART V.

SPECIAL MODIFICATIONS AND EXTENSIONS.

(i.) *Tenement Factories.*

**87. Duties of owner of tenement factory.]** (1.) The owner (whether or not he is one of the occupiers) of a tenement factory shall, instead of the occupier, be liable for the observance, and punishable for non-observance, of the following provisions of this Act, namely, the provisions with respect to—

- (i.) the cleanliness, freedom from effluvia, overcrowding and ventilation of factories, contained in section one of this Act, including, so far as they relate to any engine-house, passage, or staircase, or to any room which is let to more than one tenant, the provisions with respect to limewashing and washing of the interior of a factory;
- (ii.) the fencing of machinery, and penal compensation for neglect to fence machinery, in a factory, except so far as relates to such parts of the machinery as are supplied by the occupier;
- (iii.) the notices to be affixed in a factory with respect to the period of employment, times of meals, and system of employment of children;
- (iv.) the prevention of the inhalation of dust, gas, vapour, or other impurity, so far as that provision requires the supply of pipes or other contrivances necessary for working the fan or other means for that purpose; and
- (v.) the affixing of an abstract and notices in a factory.

Provided that any occupier may affix in his own tenement the notice with respect to the period of employment, times for meals, and system of employment of children, and thereupon that notice shall, with respect to persons employed by that occupier, have effect in substitution for the corresponding notice affixed by the owner.

(2.) The provisions of this Act with respect to the power to make orders in the case of dangerous premises shall apply in the case of a tenement factory as if the owner were substituted for the occupier.

(3.) In the case of any tenement factory or class of tenement factories used wholly or partly for the weaving of cotton cloth, the owner shall, if the Secretary of State by order so directs, be substituted for the occupier for the purpose of the requirements of section seven and section ninety-four of this Act or of any order of the Secretary of State with respect to ventilation.

(4.) Where, by or under this section, the owner of a tenement factory is substituted for the occupier with respect to any provisions of this Act, any summons, notice, or proceeding, which for the purpose of any of those provisions is by this Act required or authorised to be served on or taken in relation to the occupier, is hereby required or authorised (as the case may be) to be served on or taken in relation to the owner.

**88. Regulations as to grinding of cutlery in tenement factory.]** (1.) Where grinding is carried on in a tenement factory, the owner of the factory shall be responsible for the observance of the regulations set forth in the Third Schedule to this Act.

(2.) In every such tenement factory it shall be the duty of the owner and of the occupier of the factory respectively to see that such part of the horsing chains and of the hooks to which the chains are attached as are supplied by them respectively are kept in efficient condition.

(3.) In every tenement factory where grinding of cutlery is carried on, the owner of the factory shall provide that there shall at times be instantaneous communication between each of the rooms in which the work is carried on and both the engine-room and the boiler-house.

(4.) A tenement factory in which there is a contravention of this section shall be deemed not to be kept in conformity with this Act, but for the purposes of any proceeding in respect of a provision for the observance of which the owner of the factory is responsible, that owner shall be substituted for the occupier of the factory.

(5.) This section shall not apply to a textile factory.

**89. Certificate of fitness in tenement factory.]** A certificate of the fitness of any young person or child for employment in a tenement factory shall be valid for his similar employment in any part of the same tenement factory.

(ii.) *Cotton Cloth and other Humid Factories.*

90. *Temperature and humidity.* In every room, shed or workshop, or part thereof, in which the weaving of cotton cloth is carried on (in this Act referred to as a "cotton cloth factory"), the following provisions shall have effect:—

(1.) The amount of moisture in the atmosphere must not at any time be in excess of such amount as is represented by the number of grains of moisture per cubic foot of air shown in column I. of the table in the Fourth Schedule to this Act opposite to such figure in column II. as represents the temperature existing in the cotton cloth factory at that time:

Provided that the temperature shall not at any time be raised by any artificial means whatsoever (except by gas used for lighting purposes only) above seventy degrees, except in so far as may be necessary in the process of giving humidity to the atmosphere.

(2.) The fact that one of the wet-bulb thermometers in the factory gives a higher reading than the figure shown in column III. of the said table opposite to such figure in column II. as represents the temperature existing in the factory, shall be evidence that the amount of moisture in the atmosphere exceeds the limit prescribed by this section.

91. *Power to alter table of humidity.* The Secretary of State may by order repeal or vary the table in the Fourth Schedule to this Act, and substitute any new or amended table therefor:

Provided as follows:—

(a) The varied or substituted table shall be laid in a complete form before both Houses of Parliament if Parliament is sitting, or if not, then within three weeks after the beginning of the next ensuing session of Parliament; and if the table is disapproved by either House of Parliament within forty days after having been so laid before Parliament, the table shall be void and of no effect.

(b) The table shall not come into operation until it has been laid before Parliament for forty days; but after the expiration of those forty days, if the table has not been disapproved of as aforesaid, the Secretary of State shall cause a copy thereof to be published in the London Gazette, and to be given to every occupier of a cotton cloth factory who, in pursuance of this Act, has given notice of humidity of the atmosphere being artificially produced in that factory, and after the expiration of fourteen days from the first publication thereof in the London Gazette, the varied or substituted table shall be deemed to be the table in the Fourth Schedule to this Act.

92. *Employment of thermometers.* (1.) In every cotton cloth factory, for the purpose of recording the humidity of the atmosphere and the temperature there must be provided, maintained, and kept in correct working order two sets of standardised wet and dry bulb thermometers.

(2.) The following regulations shall be observed with reference to the employment of such thermometers:—

(a) One set of thermometers is to be fixed in the centre and one at the side of the factory, or in such other position as is directed or sanctioned by an inspector, so as to be plainly visible to the workers;

(b) The occupier or manager or person for the time being in charge of the factory shall read the thermometers thrice in the day—namely, between seven and eight o'clock in the forenoon, between ten and eleven o'clock in the forenoon, and between three and four o'clock in the afternoon, on every day on which any workers are employed in the factory, and shall record the readings of each thermometer at each of those times on a form provided for the purpose for each set of thermometers in accordance with the Form of Record and the regulations contained in the Fourth Schedule to this Act;

(c) The form in which the readings of each thermometer are to be recorded must be kept hung up near the thermometers, and after being duly filled up, must be forwarded at the end of each month to the inspector of the

district, and a copy must be kept at the factory for reference;

(d) There must be kept hanging up in a frame, and properly glazed, in a conspicuous position and near to each set of thermometers, a copy of the table set out in the Fourth Schedule to this Act;

(e) Each form shall be *prima facie* evidence of the humidity of the atmosphere and temperature in the factory in which the form was hung up.

93. *Notices and inspections where humidity is artificially produced.* (1.) The occupier of every cotton cloth factory in which humidity of the atmosphere is produced by any artificial means whatsoever (except by gas used for lighting purposes only) shall, at or before the time at which such artificial production of humidity is commenced, give notice thereof in writing to the chief inspector of factories.

(2.) Every factory in respect of which any such notice has been given shall be visited by an inspector once at least in every three months. The inspector shall examine into the temperature, humidity of the atmosphere, ventilation, and quantity of fresh air in the factory, and shall report to the chief inspector of factories in the prescribed form.

(3.) If at any time the occupier of any factory in respect of which any such notice has been given ceases to produce humidity by artificial means, he may give notice in writing of such cessation and from the date of that notice, and so long as humidity is not artificially produced in the factory, the provisions of this section shall not apply to that factory.

94. *Regulations for the protection of health.* In every cotton cloth factory the following regulations for the protection of health shall have effect, viz.:—

(1.) The water used for the purpose of producing humidity shall either be taken from a public supply of drinking water or other source of pure water, or shall be effectively purified to the satisfaction of the inspector before being introduced in the form of steam into the factory, and all ducts for the introduction of humidified air shall be kept clean.

(2.) The pipes used for the introduction of steam into a cotton cloth factory in which the temperature is seventy degrees Fahrenheit or over shall, so far as they are within the shed, be as small both in diameter and length as is reasonably practicable, and shall be effectively covered with non-conducting material to the satisfaction of the inspector, so as to minimise the amount of heat thrown off by them into the shed.

(3.) In the case of a cotton cloth factory in which humidity of the atmosphere is produced by any artificial means whatsoever (except by gas used for lighting purposes only), the arrangements for ventilation shall be such that during working hours in no part of the cotton cloth factory shall the proportion of carbonic acid (carbon dioxide) in the air be greater than nine volumes of carbonic acid to every ten thousand volumes of air.

(4.) Unless some other method certified by the inspector to be equally satisfactory is adopted, the outside of the roof of every cotton cloth factory shall be white washed every year before the 31st day of May, and such white wash shall be effectively maintained until the thirty-first day of August.

(5.) In every cotton cloth factory erected after the second day of February one thousand eight hundred and ninety-eight a sufficient and suitable cloak room, or cloak rooms, shall be provided for the use of all the persons employed therein, and shall be ventilated and kept at a suitable temperature.

95. *Penalties for non-compliance.* If in the case of any cotton cloth factory there is a contravention of or non-compliance with any of the foregoing provisions with regard to cotton cloth factories, the inspector shall give notice in writing to the occupier of the factory of the acts or omissions constituting the contravention or non-compliance, and if those acts or omissions, or any of them, are continued or not remedied, or are repeated within twelve months after the notice has been given, the occupier of the factory shall be liable, for the first offence to a fine not less than five pounds and not exceeding ten

pounds, and for every subsequent offence to a fine not less than ten pounds and not exceeding twenty pounds.

96. *Application of foregoing provisions to other humid factories.* The foregoing provisions of this Act with respect to cotton cloth factories shall apply to every textile factory in which atmospheric humidity is artificially produced by steaming or other mechanical appliances, and in which regulations under Part IV. of this Act with respect to humidity are not for the time being in force, but subject to the following qualifications, namely:—

(a) The Secretary of State may by special order modify the provisions of the Fourth Schedule to this Act with respect to the maximum limits of humidity;

(b) The reading of the thermometer between seven and eight o'clock in the forenoon shall not be required; and

(c) Section ninety-four respecting regulations for the protection of health in cotton cloth factories shall not apply; and

(d) The regulations in section ninety-two distinguished as (b), (c), (d), and (e) which are required to be observed with reference to the employment of thermometers shall not apply to cotton spinning mills.

(iii.) *Bakehouses.*

97. *Sanitary regulations for bakehouses.* (1.) It shall not be lawful to let or suffer to be occupied or to occupy any room or place as a bakehouse, unless the following regulations are complied with:—

(a) A watercloset, earthcloset, privy, or ashpit must not be within or communicate directly with the bak house;

(b) Every cistern for supplying water to the bakehouse must be separate and distinct from any cistern for supplying water to a water-closet;

(c) A drain or pipe for carrying off faecal or sewage matter must not have an opening within the bakehouse.

(2.) If any person lets or suffers to be occupied or occupies any room or place as a bakehouse in contravention of this section he shall be liable to a fine not exceeding forty shillings, and to a further fine not exceeding five shillings for every day during which any room or place is so occupied after a conviction under this section.

98. *Penalty for bakehouse being unfit on sanitary grounds.* (1.) Where a court of summary jurisdiction is satisfied on the prosecution of an inspector or a district council that any room or place used as a bakehouse is in such a state as to be on sanitary grounds unfit for use or occupation as a bakehouse, the occupier of the bakehouse shall be liable to a fine not exceeding, for the first offence, forty shillings, and for any subsequent offence five pounds.

(2.) The court of summary jurisdiction, in addition to or instead of inflicting a fine, may order means to be adopted by the occupier, within the time named in the order, for the purpose of removing the ground of complaint. The court may, on application, enlarge the time so named, but if, after the expiration of the time as originally named or enlarged by subsequent order the order is not complied with, the occupier shall be liable to a fine not exceeding one pound for every day that the non-compliance continues.

(8.) Where any place has been let as a bakehouse, and the certificate required by this section cannot be obtained unless structural alterations are made, and the occupier alleges that the whole or part of the expenses of the alterations ought to be borne by the owner, he may by complaint apply to a court of summary jurisdiction, and that court may make such order concerning the expenses or their apportionment as appears to the court to be just and equitable, under the circumstances of the case, regard being had to the terms of any contract between the parties, or in the alternative the court may, at the request of the occupier, determine the lease.

102. *Enforcement of law as to retail bakehouses by sanitary authorities.* [As respects every retail bakehouse, the provisions of this part of this Act shall be enforced by the district council of the district in which the retail bakehouse is situate, and not by an inspector; and for the purposes of this section the medical officer of health of the district council shall have and may exercise all the powers of entry, inspection, taking legal proceedings and otherwise of an inspector.]

107. *Lists of outworkers to be kept in certain trades.* In the case of persons employed in such classes of work as may from time to time be specified by Special Order of the Secretary of State—

(1.) The occupier of every factory and workshop and every contractor employed by any such occupier in the business of the factory or workshop shall—

- (a) keep in the prescribed form and manner, and with the prescribed particulars, lists showing the names and addresses of all persons directly employed by him, either as workmen or as contractors, in the business of the factory, or workshop, outside the factory or workshop, and the places where they are employed; and

- (c) send on or before the first day of February and the first day of August in each year copies of those lists to the district council of the district in which the factory or workshop is situate.

(2.) Every district council shall cause the lists received in pursuance of this section to be examined, and shall furnish the name and place of employment of every outworker included in any such list whose place of employment is outside its district to the council of the district in which his place of employment is.

reasonably have been expected to become aware of it, he shall be liable to a fine not exceeding ten pounds.

110. *Prohibition of home work in places where there is infectious disease.* (1.) (2.) The order may be made notwithstanding that the person suffering from an infectious disease may have been removed from the house, and the order shall be made either for a specified time or subject to the condition that the house or part thereof liable to be infected shall be disinfected to the satisfaction of the medical officer of health, or that other reasonable precautions shall be adopted.

(3.) In any case of urgency the powers conferred on the district council by this section may be exercised by any two or more members of the council acting on the advice of the medical officer of health.

(1.) The regulations with respect to the hours of employment of women, young persons, and children, shall not apply to any such factory or workshop, and in lieu thereof the following regulations shall be observed therein:—

(a) A young person or child shall not be employed in the factory or workshop except during the period of employment hereinafter mentioned; and

113. *Abstracts for domestic factories and workshops.* The Secretary of State shall give notice of the provisions of this Act relating to domestic factories and workshops by the publication of the prescribed abstract or otherwise as he thinks fit.

114. *Non-application of Act to certain domestic workshops.* (1.) The exercise in a private house or private room by the family dwelling therein, or by any of them, of manual labour by way of trade or for purposes of gain in or incidental to any of the following handicrafts, namely—

- (i.) straw plaiting, or
- (ii.) pillow-lace making, or
- (iii.) glove making,

shall not of itself constitute the house or room a workshop within the meaning of this Act.

When it is proved to the satisfaction of the Secretary of State that by reason of the light character of the handicraft carried on in any private house or private room by the family dwelling therein, or by any of them, it is expedient to extend the provisions of this sub-section to that handicraft, he may by special order extend the same accordingly. Part Two of this Act shall apply, so far as circumstances admit, as if the order were an order extending an exception.

## PART VII.

## PARTICULARS OF WORK AND WAGES.

116. *Particulars of work or wages to be given to piece workers.* (1.) In every textile factory the occupier shall, for the purpose of enabling each worker who is paid by the piece to compute the total amount of wages payable to him in respect of his work, cause to be published particulars of the rate of wages applicable to the work to be done, and also particulars of the work to which that rate is to be applied, as follows:—

- (a) In the case of weavers in the worsted and woollen, other than the hosiery, trades, the particulars of the rate of wages applicable to the work done by each weaver, shall be furnished to him in writing at the time when the work is given out to him, and shall also be exhibited on a placard not containing any other matter, and posted in a position where it is easily legible;

- (c) In the case of every other worker, the particulars of the rate of wages applicable to the work to be done by each worker shall be furnished to him in writing at the time when the work is given out to him: provided that if the same particulars are applicable to the work to be done by each of the workers in one room it shall be sufficient to exhibit them in that room on a placard not containing any other matter, and posted in a position where it is easily legible;
- (d) Such particulars of the work to be done by each worker as affect the amount of wages payable to him shall (except so far as they are ascertainable by an automatic indicator) be furnished to him in writing at the time when the work is given out to him;
- (e) The particulars either as to rate of wages or as to work shall not be expressed by means of symbols;
- (f) Where an automatic indicator is used for ascertaining work, the indicator shall have marked on its case the number of teeth in each wheel and the diameter of the driving roller, except that in the case of spinning machines with traversing carriages the number of spindles and the length of the stretch in such machines shall be so marked in substitution for the diameter of the driving roller;
- (g) Where such particulars of the work to be done by each worker as affect the amount of wages payable to him are ascertained by an automatic indicator, and a placard containing the particulars as to the rate of wages is exhibited in each room, in pursuance of an agreement between employers and workmen, and in conformity with the requirements of this section, the exhibition thereof shall be a sufficient compliance with this section.
- (2.) If the occupier fails to comply with the requirements of this section, or fraudulently uses a false indicator for ascertaining the particulars or amount of any work paid for by the piece, or if any workman fraudulently alters an automatic indicator, the occupier or workman, as the case may be, shall be liable for each offence to a fine not exceeding ten pounds, and in the case of a second or subsequent conviction within two years from the last conviction for that offence not less than one pound. Provided that an indicator shall not be deemed false if it complies with the requirements of this section.
- (3.) If anyone engaged as a worker in a factory, having received any such particulars, whether they are furnished directly to him or to a fellow workman, discloses the particulars for the purpose of divulging a trade secret he shall be liable to a fine not exceeding ten pounds.
- (4.) If anyone for the purpose of obtaining knowledge of or divulging a trade secret solicits or procures a person so engaged in a factory to disclose any such particulars, or with that object pays

or rewards any such person, or causes any such person to be paid or rewarded for disclosing any such particulars, he shall be liable to a fine not exceeding ten pounds.

(5.) The Secretary of State, on being satisfied by the report of an inspector that the provisions of this section are applicable to any class of non-textile factories, or to any class of workshops, may, if he thinks fit, by Special Order, apply the provisions of this section to any such class, subject to such modifications as may in his opinion be necessary for adapting those provisions to the circumstances of the case. He may also by any such order apply those provisions, subject to such modifications as may, in his opinion, be necessary for adapting them to the circumstances of the case, to any class of persons of whom lists may be required to be kept under the provisions of this Act relating to outworkers, and to the employers of those persons.

117. *Inspection of weights and measures used in ascertaining wages.* Every Act for the time being in force relating to weights and measures shall extend to weights, measures, scales, balances, steelyards, and weighing machines used in a factory or workshop in checking or ascertaining the wages of any person employed therein, in like manner as if they were used in the sale of goods, and as if the factory or workshop were a place where goods are kept for sale, and every such Act shall apply accordingly, and every inspector of, or other person authorized to inspect or examine, weights and measures, shall inspect, stamp, mark, search for, and examine the said weights and measures, scales, balances, steelyards, and weighing machines accordingly, and for that purpose shall have the same powers and duties as he has in relation to weights, measures, scales, balances, steelyards, and weighing machines, used in the sale of goods.

119. *Powers of inspectors.* (1.) An inspector

(g.) To exercise such other powers as may be necessary for carrying this Act into effect.

(2.) The occupier of every factory and workshop, his agents and servants, shall furnish the means required by an inspector as necessary for any entry, inspection, examination, inquiry, or the exercise of his powers under this Act in relation to that factory or workshop.

(3.) If any person wilfully delays an inspector in the exercise of any power under this section, or fails to comply with the requisition of an inspector in pursuance of this section, or to produce any certificate or document which he is required by or in pursuance of this Act to produce, or conceals or prevents, or attempts to conceal or prevent a woman, young person, or child, from appearing before or being examined by an inspector, that person shall be deemed to obstruct an inspector in the execution of his duties under this Act.

Provided that no one shall be required under this section to answer any question or to give any evidence tending to criminate himself.
